

**Report on 300 Interviews of Registered Voters in  
the Southern States\*:**

**\*Alabama, Arkansas, Florida, Mississippi, and West  
Virginia**

**Part of a Survey of a Total of 2,213 Registered Voters  
Conducted between June 2nd and July 26th**

**Summary of Contents**

**A. Respondents' Preferences for Income-Support Policies, including Possible  
Conservation Conditions for Farmers' Receipt of Aid**

- Types of Conservation Practices to be Applied in Exchange for Federal Payments to Help Farmers Stay in Business
- Respondents' Positions on a Policy to Allocate Relatively More Income-Support Payments to Farmers Willing to Apply Conservation Practices
- Respondents' Positions on Extending Federal Income-Support Assistance to Farmers Not Currently Receiving Such Aid

**B. Respondents' Preferences for Levels of Federal Spending, including for  
Agricultural Conservation Purposes**

**C. Respondents' Willingness to Pay to Achieve Conservation Purposes**

**D. Respondents' Concerns, including about Agricultural Conservation Issues**

**E. Respondents' Personal Interest in Farming and Ranching**

- What They Value about Farmland and Ranchland
- Preferred Geographic Source of Food They Eat
- Their Patronage of Farm Stands and Farmers' Markets,
- Their Purchase of Organically Grown Food, and
- Their Visits to Farms or Ranches

If have questions, contact Dick Esseks at 402-420-7678 or via [jesseks@msn.com](mailto:jesseks@msn.com)

<b>Number of Interviewed Registered Voters per State</b>		
<b>State</b>	<b>Number of Interviews</b>	<b>% of Total</b>
Alabama	49	16.3
Arkansas	29	9.7
Florida	171	57.0
Mississippi	30	10.0
West Virginia	21	7.0
Total	300	100

The number of interviews per state was proportional to that state's share of the region's total population.

***A. Respondents' Preferences for Income-Support Policies, including Possible Conservation Conditions for Farmers' Receipt of Aid***

<b>Some farmers receive such payments [from the federal government] either to offset or make up for low market prices for their farm products or to pay for damage to their crop from drought or floods. Have you seen, read, or heard about federal government payments to farmers to offset the effects of low market prices or severe weather?</b>	
<b>Response Choices</b>	<b>% of Respondents per Choice</b>
Yes	71
No	28
Don't know or won't say	1
Total percent	100%
Total respondents	300

<b>When farmers face low market prices for their farm products, how do you feel about federal payments to help them stay in business? Do you:</b>	
<b>Response Choices</b>	<b>% of Respondents per Choice</b>
Approve	79
Disapprove	14
Neutral	6
Don't know/won't say	1
Total percent	100%
Total respondents	300

<b>When drought or floods damage farmers' crops, how do you feel about federal payments to help them stay in business? Do you:</b>	
<b>Response Choices</b>	<b>% of Respondents per Choice</b>
Approve	<b>88</b>
Disapprove	7
Neutral	4
Don't know/won't say	1
Total percent	100%
Total respondents	300

<b>Thinking about federal payments to help farmers stay in business, some people believe that, in exchange for payments, farmers should apply some conservation practices such as protecting waterways, wetlands, and wildlife. Other people prefer that the payments be given without conservation conditions. Do you prefer:</b>	
<b>Response Choices</b>	<b>% of Respondents per Choice</b>
Payments given without conservation conditions, or	16
requiring one or more conservation practices in exchange for payments?	<b>72</b>
Don't know/won't say	12

Total respondents	300

<b>Do you approve or disapprove of the condition that farmers receiving federal payments should protect wetlands on their farm or ranch?</b>	
<b>Response Choices</b>	<b>% of Respondents per Choice</b>
Approve	<b>62</b>
Disapprove	8
Neutral	2
Don't know/won't say	1
Not asked this question because respondent favored payments without conservation conditions or was unsure.	27
Total percent	100%
Total respondents	300

***Respondents' Positions on a Proposed Policy to Allocate Relatively More Income-Support Payments to Farmers Willing to Apply Conservation Practices***

<b>Some people believe that farmers willing to use university-tested practices to protect water and air from pollution should receive more federal payments than farmers who refuse to do so. Other people believe that allocating the limited money available for helping farmers should be based only on financial need.</b>	
<b>Response Choices</b>	<b>% of Respondents per Choice</b>
Do you favor basing the assistance on financial need alone?	31
Or do you favor more federal payments to farmers using anti-pollution practices?	<b>59</b>
Neither or makes no difference	5
Don't know/won't say	5
Total percent	100%
Total respondents	300

<b>Respondents' positions on the two similar policy options: (a) requiring one or more conservation practices as a condition for federal payments to help stay in business and (b) allocating more payments to farmers using anti-pollution practices compared to farmers who refuse to use them.</b>	
<b>Response Categories</b>	<b>% of Respondents per Choice*</b>
Favored at least one of the two policies, i.e., one or the other conservation outcome from the payments	<b>83</b>
Approved of both policies.	48
Favored neither policy option.	17

\* Percentages do not add up to 100.

***Respondents' Positions on Extending Income-Support Assistance to Farmers Not Currently Receiving Such Aid***

<b>Not all farmers receive federal payments to help them stay in business. I am going to read two policies. Please tell me which one you prefer.</b>	
<b>Response Choices</b>	<b>% of Respondents per Choice</b>
First, help farmers currently receiving aid but exclude new farmers.	24
Or second policy, extend aid to new farmers even though farmers currently receiving aid might receive less money.	<b>60</b>
Neither or makes no difference	9
Don't know/won't say	7
Total percent	100%
